PARKING in 2021

As 2020 comes to an end, it's time to get back to business as usual. Starting Jan 1st 2021, we will be enforcing the 72-hour parking rule. You may park in any painted parking space for 72 hours or less. There is NO parking allowed in front of your garage or in front of any painted curb overnight. If you plan to travel for more than 3 days, please call (714) 463-4491 to place your car on the SAFE LIST so that it is not towed.

TRASH BINS!!

Please make sure to put all trash bags and smaller items fully inside the trash bins and make sure the lids are completely closed. Breakdown or crush any cardboard boxes before placing them into the bin. Please call (714) 375-5010 to have any larger or oversized items picked up. The only "Large Item" exception will be Christmas trees that will be picked up outside of the dumpster bin. You may be subject to fines for putting construction waste in bins.

PAVING THE ENTRYWAY

The front entry circle is scheduled to be paved during the second week of December. We have worked very hard with the city permitting department to update the traffic sensors and are very pleased to announce that the traffic lights will be changing to GREEN much quicker now. This project will not interfere with parking; but, it will cause restrictions on gate entry for and estimated two days on the East gate, followed by an additional 2 days on the West gate. During this time, you will ONLY be able to enter and exit through the gate that is open. During the paving construction process, the City will be in control of the traffic lights. So, expect some delay and plan ahead for those four days while it's paved.

Pool and COVID-19

Due to the current state regulations regarding COVID19, we are forced to keep the pool closed until further notice.

THE GOOD NEWS

We are getting bids to fix the cracked cement and resurface the pool deck, so when we can open... it will be better than ever!

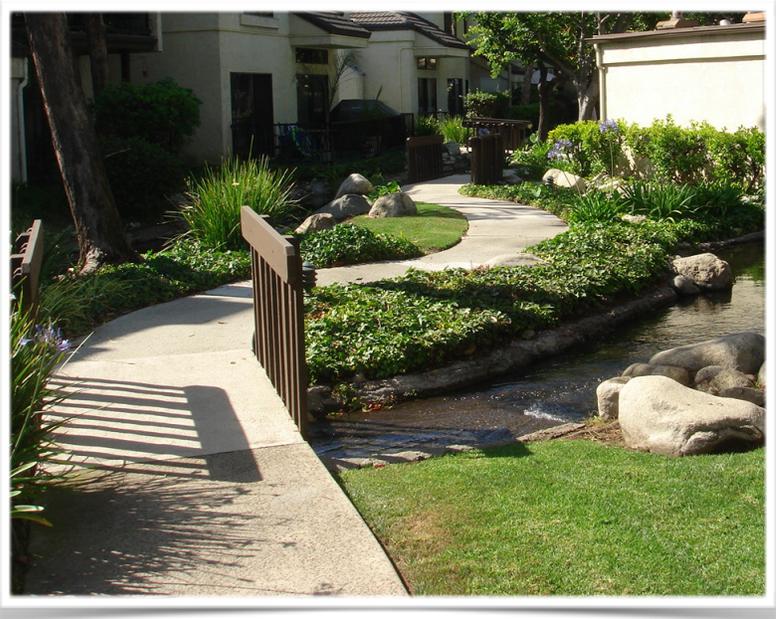

GAS FIRE PLACE

Did you know that the fireplaces are made for gas use only? Please do not burn trash, paper, real wood or ANYTHING ELSE in the fire place. Use the Gas key to the side of your fire place to turn ON and adjust the gas flow. Light carefully and make sure to turn gas OFF completely when finished.

Bridge Repairs

After reviewing many bids and talking with numerous companies, we have finally chosen the best to repair and replace the bridges around the lake and pool. At times there may be debris and some walkways may have a detour or two. We thank you for your patience and encourage you to explore new routes as the bridges are improved.

SILENT NIGHT!!!

The wonderful holidays are fast approaching and we encourage you all to spend time with your family and loved ones. Enjoy that yummy eggnog, spiced apple cider, and, of course, those Hallmark movies. It's a time to celebrate and enjoy. However, please give the gift of mindfulness to your neighbors and turn down the volume on those holiday songs and drinking games by 10 p.m. If one of your neighbors is being naughty, then please call PATROL Security to report any noise complaints (714)463-4491. They will stop by and remind the neighbors that they need to be nice and follow the 10 p.m. noise curfew. We all need to be on our best behavior if we want Santa to visit instead of Security.

Ho! Ho! Ho!
